I can confirm they know. Let's just say I have friends that are active members. And at this time they all have shut off all social media. Not sure what that means. But pretty sure I know exactly what that means.

Congress is creating trillions out of thin air to address the problems created by government in the first place with this wrong-headed approach to a “pandemic” that they tell us broke out earlier this year.

Everything was declared “non-essential” in lockdown except of course the incredibly powerful and politically connected big box stores and online shopping companies. These were “essential,” and while main street was decimated, they raked in record profits. Money from the poor transferred to the rich.

As could be expected, many of those billions in the combined stimulus/omnibus bill are going to prop up war and the empire. 700 million to sedan? Another half billion to Israel? \$10 million for “gender projects” in Pakistan? The only thing getting stimulated by this bill was the deep state.

This is WAR. If people don't realize this, we are in big trouble.

Live free or die 🇺🇸

Tbh its starting to feel like the Rudyard Kipling poem the wrath of the angry Saxon....everyone is waiting until every count is official. People are hoping it all gets sorted out before actions are taken... I really hope pandoras box of violence isn't opened.

Seems like the only group all in is the PB. The OK and 3% are split on half making excuses and the other half maga.
